

MATHAN KUMAR

Senior Backend Engineer | Microservices | Insurance Platform Modernisation

Greater London, UK | +44 7309746877 | gmathankumar.2407@gmail.com

[Linkedin](#) | gmathankumar.uk

PROFESSIONAL SUMMARY

Senior Digital Developer and Line Manager with 14+ years of experience delivering large-scale digital transformation in the insurance domain. Proven expertise in modernising legacy platforms into scalable, high-performance microservices using Spring Boot and cloud-native patterns.

Strong background in designing distributed systems, orchestrating multiple services, and building resilient integrations. Delivered a ~90% reduction in quote processing latency (22s → 2.2s) by re-architecting a legacy system into parallelized microservices.

Combines hands-on engineering with leadership experience, driving technical decisions and mentoring engineers while delivering scalable, maintainable solutions.

CORE SKILLS

Backend & Architecture: Java (8+), Spring Boot, Microservices Architecture, REST APIs, Distributed Systems, Asynchronous Processing (CompletableFuture)

Frontend: React.js, JavaScript (ES6+), Jest, React Testing Library

Cloud & DevOps: Microsoft Azure, Azure API Management (APIM), CI/CD Pipelines, Docker (working knowledge)

Insurance & Guidewire: PolicyCenter, ClaimCenter, BillingCenter, GOSU, Messaging, Integrations

Leadership: People Management, Mentoring, Technical Leadership

PROFESSIONAL EXPERIENCE

Hastings Direct | UK

Senior Digital Developer & Line Manager | May 2020 – Present

- Line manager for 3 engineers; recognised as 'Best Leader' (Q1 2025).
- Architected and delivered a React-based self-service claims platform.
- Built scalable integrations using Azure API Management (APIM).

Microservices Modernisation – Quote Hub Transformation

- Developed Spring Boot-based quote orchestration microservices.
- Implemented parallel service calls using CompletableFuture.
- Reduced latency from ~22s to ~2.2s (~90% improvement).
- Integrated external services with retry and timeout handling.
- Designed search & retrieve services with dedicated datastore.
- Influenced service design decisions and architecture.

LV= | London, UK

Guidewire Consultant | Nov 2019 – May 2020

Contracted as a Guidewire specialist to assist one of the UK's largest insurers with critical system integrations and API development.

- Delivered API integrations between PolicyCenter and aggregator platforms.
- Built integrations between PolicyCenter and BillingCenter.

EY | London, UK & India

Technical Lead | Nov 2014 – Nov 2019

Led a team of 4-6 offshore developers in the full-cycle implementation of Guidewire solutions for global P&C insurance clients in the UK and USA.

- Designed integrations for FNOL, payments, and file processing.
- Acted as primary technical contact.

IGATE | India

Senior Software Engineer | Jan 2014 – Nov 2014

Developed and maintained enterprise web applications using Spring MVC, Hibernate, and PL/SQL, and implemented solutions involving cloud storage with AWS S3.

Tech Mahindra | India

Software Engineer | Jun 2011 – Dec 2013

Contributed to the development and maintenance of Java-based applications for telecom clients, gaining foundational experience in the full software development lifecycle

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Docker Foundations Professional Certificate
- **Guidewire Certified Specialist – Integration**
- Kotlin & Android Certifications
